The Advisor was organized as a Limited Liability Company (“LLC”) under the laws of the State of New York in May 2018 and became a registered investment advisor in June 2021. The Pitti Group is owned and operated by Salvatore J. Pitti CFP®, AIF®, CRPS® (President and Chief Compliance Officer) and Matthew S. Pitti (Senior Vice President).

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by The Pitti Group. For information regarding this Disclosure Brochure, please contact Salvatore Pitti at (585) 337-4000.

B. Advisory Services Offered

The Pitti Group offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. The Pitti Group’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

The Pitti Group provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. The Pitti Group works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to design a portfolio strategy. The Pitti Group will construct investment portfolios primarily utilizing individual stocks, exchange-traded funds (“ETFs”), mutual funds, and/or individual bonds. The Advisor may also utilize certificates of deposit (“CDs”), covered options, and/or other types of investments, as appropriate to meet the needs of the Client. Certain Clients may utilize one or more unaffiliated investment managers accessible through the Advisor’s Custodian. The Advisor may retain certain types of investments based on a Client’s legacy investments based on portfolio fit and/or tax considerations.

The Pitti Group’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. The Pitti Group will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

The Pitti Group evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. The Pitti Group may recommend, on occasion, redistributing investment allocations to diversify the portfolio. The Pitti Group may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. The Pitti Group may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will The Pitti Group accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Use of Independent Managers

As noted above, The Pitti Group may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio. In such instances, the Client may be required to authorize and enter into an agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor will assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers’ strategies and target allocations remain aligned with its clients’ investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager’s Form ADV 2A (or a brochure that makes the appropriate disclosures).

Financial Planning Services

The Pitti Group will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client’s financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

The Pitti Group may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

The Pitti Group provides 3(21) retirement plan advisory services on behalf of the retirement plans (each a “Plan”) and the company (the “Plan Sponsor”). The Advisor’s retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis

These services are provided by The Pitti Group serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the

Plan Sponsor is provided with a written description of The Pitti Group's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

E. Assets Under Management

As of November 1, 2021, The Pitti Group manages \$289,753,593 is Client assets, \$191,636,000 of which is managed on a discretionary basis and \$98,117,593 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.75% to 2.25% annually based on several factors, including: the scope and complexity of the services to be provided; the level of assets to be managed; and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by The Pitti Group will be independently valued by the Custodian. The Pitti Group will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

Clients will be charged a fee by each Independent Manager for their discretionary management services. Fees will vary based on the investment strategy, level of assets and other factors. The Advisor does not receive any portion of an Independent Manager's fee. The Advisor will only earn its fee as noted above.

Financial Planning Services

The Pitti Group offers financial planning services either on an hourly basis or a fixed engagement fee. Hourly fees range up to \$250 per hour. Fixed engagement fees are based on the expected number of hours to complete the engagement at the Advisor's hourly rate. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee ranging from 0.25% to 1.00% based on the size of the Plan and the complexity of the services to be provided. Fees are typically billed in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Certain Plan platforms may have different fee billing methodologies. Retirement plan fees are based on the market value of assets under management at the end of the prior calendar quarter. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with The Pitti Group at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by The Pitti Group to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] by the Independent Manager.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than The Pitti Group, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by The Pitti Group are separate and distinct from these custody and execution fees.

In addition, all fees paid to The Pitti Group for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of The Pitti Group, but would not receive the services provided by The Pitti Group which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by The Pitti Group to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

The Pitti Group may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. The Pitti Group will assist the Client with the termination and transition as appropriate.

Financial Planning Services

The Pitti Group may require an advance deposit for financial planning engagements. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor. Upon termination, the Advisor will refund any unearned, prepaid planning fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Next Level is typically compensated for its services at the beginning of the quarter before advisory services are rendered. Either party may request to terminate a retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

The Pitti Group does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons are also licensed as independent insurance professionals. As independent insurance professionals, Advisory Persons may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by Advisory Persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because the Advisory Person may

have an incentive to recommend insurance products to the Client for the purpose of generating commissions rather than solely based on the Client's needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

The Pitti Group does not charge performance-based fees for its investment advisory services. The fees charged by The Pitti Group are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

The Pitti Group does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

The Pitti Group offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans. The Pitti Group generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

The Pitti Group primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from The Pitti Group are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that The Pitti Group will be able to accurately predict such a reoccurrence.

As noted above, The Pitti Group generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. The Pitti Group will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, The Pitti Group may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. The Pitti Group will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving The Pitti Group or its management person.

The Pitti Group values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 314685.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

As noted in Item 5, Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with The Pitti Group. As an insurance professional, an Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may select Independent Managers to assist with the implementation of a Client's investment strategy. The Advisor does not receive any portion of an Independent Manager's fee. Please see item 5 above.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

The Pitti Group has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with The Pitti Group ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. The Pitti Group and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of The Pitti Group's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (585) 337-4000 or via email at info@thepittigroup.com.

B. Personal Trading with Material Interest

The Pitti Group allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. The Pitti Group does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. The Pitti Group does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

The Pitti Group allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by The Pitti Group requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While The Pitti Group allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will The Pitti Group, or any Supervised Person of The Pitti Group, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

The Pitti Group does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize The Pitti Group to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, The Pitti Group does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where The Pitti Group does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by The Pitti Group. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. The Pitti Group may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. The Pitti Group will generally recommend that Clients establish account[s] at Trade-PMR, Inc. ("Trade-PMR"). Trade-PMR clears trades and custodies assets through First Clearing, the trade name for by Wells Fargo Clearing Services, LLC, a non-bank affiliate of Wells Fargo & Company. Trade-PMR acts as an introducing broker on a fully-disclosed basis. Trade-PMR and First Clearing (collectively the "Custodians") are FINRA registered broker-dealers and members of SIPC. The Pitti Group maintains an institutional relationship with the Custodians, whereby The Pitti Group receives certain direct and indirect benefits from the Custodians. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **The Pitti Group does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodians. Please see Item 14 below.**

2. Brokerage Referrals - The Pitti Group does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where The Pitti Group will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). The Pitti Group will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. The Pitti Group will execute its transactions through the Custodian as authorized by the Client. The Pitti Group may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients’ accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify The Pitti Group if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by The Pitti Group

The Pitti Group may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, The Pitti Group may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

The Pitti Group has established an institutional relationship with the Custodians to assist the Advisor in managing Client account[s]. Access to the Custodians’ Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment wealth management services to Clients that maintain assets at the Custodians. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor

endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from the Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from Custodians: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

If a Client is introduced to The Pitti Group by either an unaffiliated party or by a The Pitti Group affiliate, The Pitti Group may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the investment management fees earned by The Pitti Group, and shall not result in any additional charge to the Client.

Item 15 – Custody

The Pitti Group does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct The Pitti Group to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by The Pitti Group to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

The Pitti Group generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by The Pitti Group. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by The Pitti Group will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

The Pitti Group does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. If the Client directs the Custodian to deliver proxies to the Advisor, the Advisor will not assume responsibility for voting. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither The Pitti Group, nor its management, have any adverse financial situations that would reasonably impair the ability of The Pitti Group to meet all obligations to its Clients. Neither The Pitti Group, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. The Pitti Group is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by CERTIFIED FINANCIAL PLANNER™ Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 87,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real-world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP®.

Accredited Investment Fiduciary™ (“AIF®”)

The AIF® mark is held by the Center for Fiduciary Studies, LLC, a Fiduciary360 (fi360) company.

The professional designations awarded by fi360 demonstrate the focus on all the components of a comprehensive investment process, related fiduciary standards of care, and commitment to excellence. AIF® designees undergo an

initial training program, annual continuing education, and pledge to abide by the designation's code of ethics.

Since October 2002, the Accredited Investment Fiduciary™ (AIF®) designation has been the mark of commitment to a standard of fiduciary investment excellence. Those who earn the AIF® mark successfully complete a specialized program on investment fiduciary standards of care and subsequently passed a comprehensive examination. AIF® designees demonstrate a thorough understanding of fi360's Prudent Practices for investment advisors and stewards.

Chartered Retirement Plans Specialist (“CRPS®”)
